MANIS^{Lite} Redefining Sweetness with ManisLite by PROVEKTA

Indulge in the pure joy of sweetness with our advanced formulation

- **Low Glycaemic Index** - Perfect for health-conscious enjoyment.
- **Low Carbohydrate** - Ideal for maintaining a balanced diet.
- **Sugar-like Taste and Feel** - Satisfies your sweet cravings without compromise.
- **Extended Shelf Life** - Ensures lasting freshness.
- **Compatible with Other Ingredients** - Effortlessly blends with various culinary components.

Containing 99% sugarcane extract, our Nano Sugar retains the full flavour and texture of traditional sugar, enhanced with just a trace amount of bespoke sweeteners. This specially crafted blend is engineered to be **five times as sweet** as conventional sugar. You **need only 20%** of the typical amount to achieve the desired sweetness, thus **reducing both caloric and sugar intake in your diet by 80%.**

ManisLite drastically reduces your daily sugar consumption while maintaining the exquisite taste and natural sweetness you enjoy.

BROUGHT TO YOU BY

Founded in 2022, PROVEKTA Technologies has been at the forefront of sweetener innovation, dedicated to improving health through advanced food technology.

OUR CORE VALUES AND OBJECTIVES

Dedicated to sustainability and health, we harness the latest advancements in nanotechnology to develop solutions that significantly improve global well-being.

Key Ingredients

Crafted with 99% pure sugarcane extract and a trace of high-intensity sweeteners, ensuring premium quality and taste.

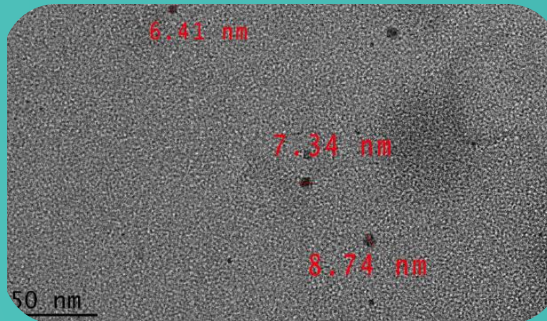

Efficiency

Achieve the desired sweetness with just 20% of the typical amount used in traditional sugar, reducing both waste and cost.

Quality Assurance

Undergoes rigorous testing to guarantee purity, safety, and consistency in every batch.

Technological Edge

Utilises state-of-the-art nanotechnology to enhance sweetness by the means of increasing its surface area — delivering five times the sweetness of regular sugar with minimal usage
